PROFESSIONAL EXPERIENCE:

Software Development Intern | Remote

Mysuru, Karnataka

Novus Webspace Technologies

July 2024 - Present

- Developing **Gantries**, a **MERN-stack** community platform connecting entrepreneurs and students. **Dockerized** and deployed on **DigitalOcean** VMs, ensuring scalability and reliability.
- Leading **TelcoKart**, an e-commerce networking platform built with Next.js, NeonDB, and **S3** buckets for secure asset storage. Deployed on Vercel, leveraging serverless architecture for scalability and performance.

Frontend Developer Intern | Remote

Hyderabad, Telangana

TrainingMug

April 2024 - October 2024

- Spearheaded the development of **HyrecruitAi**, a ground-breaking recruitment platform with an integrated AI interview feature utilizing **Next.js** ensuring seamless frontend-backend integration with **Flask** and **WebSockets** for real-time AI model communication.
- Integrated **OpenAI Whisper** for transcribing audio inputs, enhancing the **AI interview** experience. Worked with Azure endpoints to retrieve and display AI model outputs in the frontend.

Fullstack Developer Intern | On-Site

Mysuru, Karnataka

BSQ Technology

February 2023 - June 2023

- Designed, maintained and collaborated on full-stack solutions for **5+ projects** using React.js, **Spring Boot**, Hibernate, and MySQL. Strengthened expertise in frontend and backend development, focusing on industry standards.

EDUCATION:

JSS Science and Technology University

2023 - 2026

B.E in Computer Science and Engineering - **8.0 CGPA**

Government C.P.C Polytechnic

2020 - 2023

Diploma in Computer Science and Engineering - **9.3 CGPA**

PROJECTS:

[StreamGaze](#)

- **Live streaming platform** with interactive chat features using **Sockets**, **LiveKit** for high-quality streaming enabling seamless live video interactions.
- Tech Stack: React.js, Next.js, PostgreSQL, LiveKit, Prisma, Shadcn UI, Uploadthing, NeonDB and Clerk Auth.

[Next Auth Toolkit](#)

- Developed a comprehensive, **reusable** authentication solution for Next.js applications, simplifying user sign-up, login, and role-based access control using **Auth.js** (formerly NextAuth).
- Integrated OAuth, email/password authentication, and JWT token management, offering a seamless and secure user experience.
- Tech Stack: Next.js, Auth.js, JWT, MongoDB, Prisma, Tailwind CSS.

[Reservease](#)

- A full-stack restaurant reservation app featuring a smart table reservation system that optimizes table scheduling for different user roles (Admin, Manager, Customer).
- Tech Stack: Next.js 13, Tailwind CSS, Prisma ORM, PostgreSQL, Vercel Cloud.

[Weblog](#)

- Secure blogging platform enabling professional content creation and role-based authentication.
- Tech Stack: React.js, Spring Boot, Hibernate, MySQL.

More Projects: [Online Grocery E-Commerce App](#), [Government Schemes](#), [Car Reselling App](#), [Food Recycling Management System](#), [CPC Sports Management App](#) and more

SKILLS:

Programming Languages: C, Java, Python, Javascript , TypeScript.
Framework / Libraries: HTML, CSS, Next.js , React.js, Redux-Toolkit, Tailwind CSS, BootStrap, SpringBoot, Hibernate, Node.js, Express.js, Prisma ORM.
Databases: MySQL, PostgreSQL, MongoDB.
DevOps / Cloud: Git, Github, Docker, Jira , AWS , Vercel Cloud, NeonDB, MongoDb Atlas.

INVOLMENTS:

NoSQL and MongoDB Resource Person 18 August, 2023
JSS Boys Polytechnic, Mysuru
→ Faculty Development Program on Full Stack Development by AICTE

- Delivered a comprehensive **presentation** on the concepts and significance of NoSQL databases, with a specific focus on MongoDB.
- Provided attendees/lecturers with an in-depth understanding of the advantages and use cases of **NoSQL databases**, highlighting **MongoDB** as a prominent example.
- Conducted a hands-on session during the program, demonstrating the process of establishing a backend connection to MongoDB from a Spring Boot application

CERTIFICATIONS:

[Docker - Fundamentals](#) March, 2024
Infosys Springboard

[Master Spring Boot 3 & Spring Framework 6 with Java](#)
Udemy

[The Next.js 13 Bootcamp - The Complete Developer Guide](#) August, 2023
Udemy

[Java Programming](#) November, 2022
Great Learning
